Collage flower ~ "homelife 6" ~

We are going to have fun tearing up paper and re assembling it into a collage - I made a flower but you might have other ideas. You can use your home made inks from vegetable matter that you made last week, or make some more - boil them up in some water - beware of powerful smells!, texture has also changed in an interesting way - keep in fridge and use quickly!

Gather together interesting printed materials from your recycling bin choose nice colours and patterns you can use any kind of paper and light card together - I used tea packets and some flyers I had picked up for exactly this purpose - it's funny to see what they are now!

Materials - Vegetable Inks

Boiled infusions from last week!

Black tea
turmeric tea
Beetroot tea
Onion skin tea
Red Cabbage tea (great colour beware of

Printed paper and light card

From your collection of recyclables
Scissors
Stick Glue
Paper
Paint brushes and home made drawing tools
from last week

Beetroot Ink - Red its gone quite gloopy!

Red Cabbage Ink - Purple but stinky

Turmeric Ink Yellow

Tea packets - saved for colour and pattern

Printed paper - fliers and other

tear it up - see the colours and shapes

Tear strips and different shapes

Arrange shapes into patterns

When you have decided - Glue

Add detail to your design, play with pattern and colour

Listen to your work, let the story unfold

Cut out more shapes,

Keep listening looking and let your story unfold

Use your vegetable inks to add more colour

You can stick your work into your sketchbook when you are done - or hang it on the wall if it's large!

Mine was too big for my sketchbook so I think I'll do some more that will fit!

If you want to experiment you can use the sap from a dandelion as glue too!

(~_~) SHARING <@v@> <#-#> <~.~>

You can upload your drawings to your **instagram** - add **#crawfordartgalleryhomelife**

This is a place where everybody can share their drawings, photos and ideas

I would love to see what you do!

Keep an eye on **#crawfordartgalleryhomelife**

I will check in there and follow any ideas you share (: we can create this # together :)
